PETITION TO WITHDRAW HOLDING OF ABANDONMENT

Commissioner for Patents

Washington, D.C. 20231

C

Sir:

Applicant respectfully petitions under 37 CFR 1.181(a) for withdrawal of the holding of abandonment issued on August 21, 2002 by Examiner Charles Rones for failure to reply to an Office Action.

#### Background

In response to an Office Action dated March 07, 2002, a Response was prepared and faxed to Examiner Rones on May 1, 2002 to the Unit's facsimile number (703) 746-7239. [See confirmation sheet in Appendix A.]

The Response included the following information: Serial Number, Filing Date, Inventor Name, Title, Examiner's Name. [See page 1 of the Response in Appendix C.] The Group Art Unit, however, reflected Examiner Rones' prior art unit (2171) rather than his current unit (2175). All other information was accurate, and the Response is believed to have been fully responsive to the Action.

A call was placed to the Examiner to ask whether he had acted on the Response, and he indicated that he had not received it. Examiner provided his direct fax number (703) 746-5617, and the file copy of the response and confirmation sheet from the first send were faxed to (703) 746-5617 on May 15, 2002. [See confirmation sheet in Appendix B.]

Hearing nothing further, it was believed that the Response had been received. On August 21, 2002, Examiner Charles Rones issued a Notice of Abandonment for the present patent application for failure to reply to an Office Action.

#### Request for Withdrawal of Holding of Abandonment

Applicant's respectfully petition for withdrawal of the holding of abandonment for the following reasons:

1. A full and adequate Response to the Office Action was faxed in to the USPTO, not once, but twice. All pages were confirmed received both times. [See fax confirmation sheets in Appendices A and B.]
2. The second copy was faxed directly to the Examiner's personal fax machine. [See confirmation sheet in Appendix B.]
3. The fax cover sheet for the Response set forth the serial number and Examiner's name. From this information, the application could have been routed to the appropriate Examiner even if received by a different art unit.
4. Page 1 of the Response included Inventor, Serial Number, Filing Date, Title, and Examiner's Name. [See Appendix C.] From this information, the application could have been routed to the appropriate Examiner even if received by a different art unit.
5. Full contact information for Applicant's agent was included on the fax cover sheets and in the Response, but no communication regarding either copy of the Response was ever received (save for the delivery confirmations). The final whereabouts of the two copies of the Response in the USPTO is unknown.

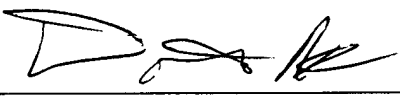

### Conclusion

Applicant believes that this Petition to Withdraw Holding of Abandonment has met all requirements set forth by 37 C.F.R. 1.181 and MPEP §711.03(b), and respectfully requests that this Petition to Withdraw Holding of Abandonment be granted.

Fees

Applicant believes no fees are due in connection with this petition. If it is determined that a fee is required, the Commissioner is authorized to charge any fees that may be due to our Deposit Account No. 50-1351 (Order No. CLICP004).

Respectfully submitted,
